About This Game

You have boarded the elevator. The elevator is in motion. The elevator travels the designated route. The elevator is not sentient. The elevator is an analogue machine. The elevator has cables and pulleys. The pulleys control its speed and direction. The elevator button suggests what the elevator should do next. The elevator does what it wants next. It is the elevator. Take a meditative elevator journey as you travel between the floors.

this is \u2665\u2665\u2665\u2665\u2665\u2665\u2665t just wasting money for no reason such a scammers just doing theres no game its just staying hurting your foot for too long. The payoff at the end of the ride is well worth the journey and the \$2 spent..

1. No canned music
2. only one floor button
3. No fat old man farting
4. No kid pushing the buttons so it stops on every floor (there's only one button FFS)
5. No emergency stop button
6. No hookers leaflets left on the walls
7. No unusual stains that somehow look familar on the floor
and you have the audacity to call this an Elevator VR experience.

\u2665\u2665\u2665\u2665 it I'm going to make my own elevator unity experience and it's going to\u2665\u2665\u2665\u2665\u2665\u2665on this one.. Do NOT buy this scam of a "game"! It's literally a single light that moves through a crack in the doors, and a single button that does nothing. This is NOT a game! STAY AWAY!! BUYER BEWARE!. There is no game here. Just a VR space inside an elevator. Should be free.
