This is a continuation
Stronghold, also
released in 2001 by
Firefly Studios. The
game engine has been
improved more than .
The game has many
innovations. This is
also a system of
protection against
player errors - not
only from "bugs", but
also from the "comic"
actions of the player.

For example, if a player in battle does not hold a sword in his hands, but stands with his back to the enemy, the enemy cannot stab him in the back. Also, if the player is not within line of sight of any of their soldiers, then their soldiers cannot get closer than 50 meters to this
