ABUS – Rack-mount computer enclosures – UP-ONE rack-mount computer enclosures consist of individual components mounted on the specially designed UP-ONE enclosure. A wide variety of CPU's, mainboards, power supplies and other electronic components can be installed. ABUS – Standalone cases – UP-ONE PLUS stand-alone cases are available with a capacity of 6 TB and are highly suitable for server configurations. ABUS – Support and maintenance – Products from ABUS provide customers with the best support and maintenance worldwide, in particular, in our own customer service centers. We also provide a wide range of repair and service services – at a fraction of the price of a dealer. Quickly find what you need with the complete ABUS Portfolio in one place. A good computer case should include many useful features, such as powerful ventilation, good cooling, and most importantly, a good design that makes it easy to access all its components. In this regard, ABUS computer cases are clearly a step ahead. They offer full support for all major operating systems and feature great cooling solutions. ABUS is an innovative partner that offers a wide range of designs for desktop, notebook and rack-mount computers, which include everything from inexpensive consumer cases to high-performance workstation designs. We can also provide standard solutions and customised products. Our customers rely on ABUS products for their everyday computing needs. We offer solutions for small and large businesses, as well as consumers. ABUS is a company founded on the principles of innovation, quality and customer support. We are proud of our role as a valuable partner of our customers, which is why we offer top-of-the-line products and service. We are proud of our support and after-sales service, which is why our products are some of the best in the industry. We offer these products and service with great passion and commitment. It is our commitment to our customers and to the brand that we represent that keeps us going. It's a simple philosophy: we are passionate about what we do, we offer exceptional service, and we bring value to our customers. We have a dedicated team of experts who are able to provide guidance on a wide variety of computer-related issues. We'll guide you through the process of choosing the right products, how to use them, and how to ensure that they're secure. It's our goal to offer
